TRANSFORMING EDUCATION. SUPPORTING STUDENTS.

# Transforming Education. Supporting Students.

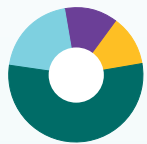

How **you** make a difference in students' lives.

Thanks to the generosity of our individual, foundation and corporate donors, Bellevue Schools Foundation is able to deliver some of the best learning opportunities for all children in the Bellevue School District.

Together, your contributions impact every child, in every class, in every school, every day. You make the difference between an ordinary and extraordinary education for Bellevue students.

## ACADEMIC RIGOR

---

### **Math Expressions:**

With support from BSF, the district implemented the new Math Expressions curriculum for 7,200 elementary school students during 2008-09. Math Expressions emphasizes concepts, computational fluency, and problem solving skills, plus topics that are the foundation for algebra like whole numbers, fractions, and geometry.

The curriculum includes advanced work to allow gifted students to flourish and extra assistance for struggling students through clear problem-solving models. With Math Expressions, Bellevue students are better able to meet the international-based math standards.

## STUDENT SUPPORT

---

### **Bridging the Achievement Gap Program:**

In 2008-09, BSF supported projects in ten schools to help struggling students reach or exceed grade-level expectations. Projects ranged from teacher-led after-school support in reading, writing and mathematics to early intervention in Kindergarten. These school-based academic intervention projects achieved great success and allowed hundreds of struggling students to excel.

One notable project included early intervention at Stevenson and Sherwood Forest Elementary Schools, where Kindergartners received interventions for literacy skills tailored to each student's needs. By the end of the year, over 80% of students in both schools met grade-level benchmarks—a more than two-fold improvement in year-end student achievement.

## TEACHING EXCELLENCE

---

### **National Board Certification:**

Eighty-eight Bellevue teachers, with support from BSF, received their National Board Certification, a benchmark for teaching excellence. Multiple studies have shown that the National Board Certification process effects a measurable improvement on student learning, engagement,

and achievement, especially for struggling students. National Board Certification establishes advanced teaching standards for experienced teachers, including demonstrating mastery of the subjects they teach and showing an understanding of child development and how children learn.

# Dr. Amalia Cudeiro

Superintendent, Bellevue School District

The Bellevue School District has a well-earned reputation for providing a rigorous college-preparatory education that rivals any provided by the best private schools in the country. Reaching this level of success does not happen by chance. It is a result of the hard work, dedication, and vision of parents, staff and our community partners. Our partnership with BSF has helped us build rigorous common curriculum and assessments, provide school programs aimed at addressing our achievement gap, and support strategies that extend learning opportunities for all students.

The need for continued support from our parents, community and partners is more critical today than ever

before. Without your continued support, our current economic crisis, as well as the lack of adequate funding from the state, will make it very difficult for the Bellevue School District to continue to fund some of our exemplary programs.

School funding can be difficult to understand. This annual report gives you an opportunity to gain a deeper understanding of BSF and its critical role in developing and delivering a world-class education that will help our children thrive in today's complex world and tomorrow's global economy.

# Laurel Preston & Sherry Ladd

President and Executive Director, Bellevue Schools Foundation

Oh, what a year! Despite daunting challenges in our local and national economies, Bellevue Schools Foundation (BSF) finished the year in June with flying colors. Thanks go to the many donors who dug deep in their pockets to provide the resources necessary to keep our school offerings strong and our students supported.

The year started with a new BSF-supported math curriculum for all of our 7,200 Kindergarten through fifth-grade students. It continued with 1,880 students benefitting from our Bridging the Achievement Gap grants that provide extra academic help for struggling students. Our outstanding teachers, who delivered these programs along with many others, also benefitted from BSF support to strengthen their teaching skills.

Thank you. You understand the importance of local community support that helps close the gap between the tax dollars provided by the state and the needs of our schools. You understand the value of an organization that funds district-wide projects so that all students benefit, though individual school resources may vary. You understand the importance of our strong schools to the health of our entire community.

It is an honor to be part of this effective organization that is made possible by your generous support.

Thank you, team!

## Our Mission

To promote and help fund the best possible learning opportunities for all students in the Bellevue School District.

## How you can help

Volunteer your time, energy and talents whatever they may be. Please call 425.456.4199 or visit [www.bsfdn.org](http://www.bsfdn.org) to see how you can make a difference in the lives of more than 17,200 Bellevue students.

Plan your contributions now and in the future. When consulting with your tax or financial advisor, please consider BSF as one of your planned giving beneficiaries. By designating BSF, you can have a lasting impact on the educational opportunities for Bellevue children.
